

Uploading images to the internet

To upload an image to the internet, visit <https://imgur.com/upload>

To select an image from your computer or mobile device's files, click browse. To drag-and-drop from a folder, drag the image over the giraffe.

This link that is circled is your image's custom URL. Copy that URL into the box on our website.

We are sorry for whatever inconvenience this issue has caused you. At this time, our web server does not allow picture uploads.
